I call you at 1:00 PM

A few items to go over—obviously don't expect everything done right away—but we should discuss

- Mtg/call with Mass Audubon
- Follow-up with Regosin and Tisa (MA F&G)
- Floodplain Sample maps
- DES SOW/Work Statement

Attached is a very preliminary DES package. I set aside tomorrow to work on it so no need to mark it up. But perhaps we can discuss a little to make sure I'm going in the right direction. Also, from the last call with Maggie, sounds like we leave the TBD in (as opposed to ORDER NOW), but still broadly scope out. Last step will be the IGE—we have good data from the COE, so once we get the Scope down, we can get going on that.

Also, the Corps is in the process of extending the Bluestone contract to Sept 30, so that buys us some time.
Talk to you at 1

Sounds good. 1pm would work well for me if that works for you.
